

FOR IMMEDIATE RELEASE

NEW ADMINISTRATION TOOLS FOR WORLDS MOST MANAGEABLE, SECURE FLASH DRIVE

Millis, Massachusetts – August 2009 – Kanguru Solutions, an industry leading manufacturer of secure IT storage solutions, announced a new administrative tool for configuring its secure flash drives.

The Kanguru Administrator Tool and Kanguru Remote Management Console (KRMC) used in conjunction with Kanguru Defender Elite or Kanguru Bio AES form the worlds most robust and comprehensive data security solution for flash drive management.

Configurable options include:

- Password Strength and Policies
- Master Password
- Number of Invalid Login Attempts before Lockout or Device Deletion
- Password Reset Options
- IP Range Restrictions (Restrict Access to approved workstations)
- Online and offline permissions
- Setting up secure communication with KRMC

Kanguru's Administrator Tool allows IT administrators to configure Kanguru Defender and Kanguru Bio AES secure, encrypted flash drives to comply with an organization's unique security policies. Available in two options, the Administrator Tool can either be used in conjunction with Kanguru Remote Management Console or independently as a stand-alone application. In addition, Kanguru includes a 12 port hub so that IT administrators can configure multiple drives simultaneously.

“This is the culmination of years of development and listening to our customers' feedback regarding their ideal security solution.” said Nate Cote, VP of Product Management. “We've taken their requests and honed our Kanguru Defender Elite drive and applications into an extremely secure, manageable and scalable solution. The level of security, device management, and value to the customer cannot be matched.”

A division of Interactive Media Corporation, Kanguru Solutions manufactures high quality, secure and portable computer storage and peripherals that have provided consumers with secure back-up solutions for more than a decade. Interactive Media Corp. was established in Massachusetts in 1992. For more information on Kanguru Solutions, visit their website at www.kanguru.com.
